

Remarks

The examiner has stated that the application contains claims directed to more than one species of the generic invention and that the species are deemed to lack unit of invention under PCT Rule 13.1 and the examiner has required a species election listing various claims and figures.

As best applicant understands the election requirement, Applicant elects species I, which applicant understands to include claims 1-18, 20-23, 25-29, 35 and 36. Applicant however traverses the election requirement as all of the species listed are dependent concepts of the independent claims of species I.

Applicant has further amended claims 1-18, 20-23, 25-29, 35 and 36 and has added new claims 37-44. Applicant respectfully submits that no new matter was added by the amendment, as all of the amended matter was either previously illustrated or described in the drawings, written specification and/or claims of the present application.

It is respectfully submitted that claims 1-18, 20-23, 25-29, 35 and 37-44, all of the claims remaining in the application, are in order for allowance and early notice to that effect is respectfully requested.

Respectfully submitted,
